

April 2006

To spouses of incoming residents:

On behalf of Wilford Hall Officers' Auxiliary (WHOA), we would like to welcome you to the 59th Medical Wing and San Antonio.

WHOA is both a social and service organization, raising money for the hospital, while at the same time providing great activities for its members. Several times a year WHOA offers its membership opportunities to volunteer their time and talents and we are very proud of our fundraising accomplishments. We also provide support for spouses by sponsoring events to gather and meet other spouses. WHOA is a fantastic place to find friends and support during residency, fellowship or staff years.

We will be available to meet you at the meeting planned for you and your spouse at Arnold Hall in June.

If you have any questions, please contact us. We look forward to meeting you.

Sincerely,

The Board of Wilford Hall Officers' Auxiliary
